

Our ref: AKA/kas/Y12 Futures Day

20th June 2024

Dear Parents and Carers

RE: Year 12 Futures Day – Monday 24th June 2024

The Year 12 Futures Day is an opportunity to build on the information students received during Destinations Evening last week, and the work they are doing in ACTIVE towards their next steps.

The day will run on **Monday 24th June 2024**. Students will be split across the two main next steps pathways (University, Employment/Apprenticeship/Training) and will receive a curriculum for the day which is specific to their needs and will support them in getting going with the application process. This will include signing up for UCAS, personal statement workshops, CV and application letter workshop, and signing up for the Apprenticeship Hub. All students will then engage in a LinkedIn workshop focusing on the benefits of the platform and how to sell yourself to prospective employers, apprenticeship schemes and university.

In addition to this, all students will receive input regarding preparing for Year 13 and study habits which will enable them to meet entry criteria, and achieve their personal aspirations.

The day will run from 8:30 am until 1:00 pm with a break at 10:40 am. Students will therefore be allowed to leave at 1:00 pm.

Please note, this is a compulsory event and all students should be in attendance. Students should also be in their normal Sixth Form Dress Code attire.

I hope that students find the day informative and useful in starting the formal next steps process.

Kind regards

Yours sincerely

Mr A Allred
