25th February 2025

Dear Parents/Carers

Year 13 Mock Results Day

I would like to take the opportunity to explain to you how mock results day will run on Wednesday 5th March.

Students will register with their form tutor at 8:30am and then proceed to the Sports Hall for 8:35am. Students will then receive their mock results envelope containing the outcome of the recent mocks. In previous years this exercise has proved to be extremely beneficial in providing students with validity of their efforts and for some, provides the needed motivation to drive through to the summer examination period.

Students will then proceed to their ACTIVE session where they will review their current performance, using the information within your results envelope, with the support of their ACTIVE teacher and content from the Sixth Form Team. This will help students to reflect, prioritise and take action to close the gap, or solidify their attainment in the next few weeks. Part of this will include 'Sprint Planning' where we will break up the next 10 weeks into fortnightly sprints to help students cover as much ground as possible and ensure their success.

I hope that students find this session useful and productive in helping them achieve their goals in the summer.

Yours sincerely

Mr Allred
